This is a three-day hands-on, instructor led class that focuses on key functions of **Project Success and Failure**. Studies show that only 34 percent of all projects succeed. The course offers great techniques on how to get projects back on track by adequately diagnosing the problem and taking corrective actions.

Course Objectives

The course covers why projects get into trouble and the role of the Project Manager in Project recovery. Rebaselining scope, cost and schedule, monitoring and controlling Project risks. The topics include:

- Projects that Fail before they Start
- The Successful Project Manager
- Project vs Program
- Do or Die Project Management Practices
- Creative techniques to evaluate Project health
- The Project Managers Toolbox
- Data gathering techniques
- Comparing actuals to planned – what changed, how and why?
- Risk identification, monitoring & Controlling
- Creating the revised WBS, project plan and schedule
- Reassigning and managing resources
- Make or Buy technique
- Communicating and documenting new goals
- Documenting lessons learned
- Executing the revised plan
- Monitoring & Controlling
- Closeout

Recommended Attendees

This course will benefit project team members, executives, project directors, functional managers, senior project/program managers. The course content is applicable for any industry that must salvage their projects.

Participants Will Receive

- Comprehensive Student Guide
- Team Projects and Classroom Exercises
- Standard Project Management Templates in Electronic Format
- Certificate of Completion and 21 PDUs/2.1 CEUs

Testimonials

"This class is a must for any Project Manager who has ever had to salvage a failing project or anyone who wants to avoid project failure"

"In addition to course tools, the instructor of the course really made a difference in my success. Roni truly cares about her student's success"

"This was a real world class for real world Project Managers"

Company Information

Project Management Training Camp is a PMI Registered Education Provider (REP) and a member of the Women's Business Council. Our Project Management courses are based on The Guide to the Project Management Body of Knowledge (PMBOK Guide). Our trainers have several years of adult training experience and are certified Project Managers (PMPs).
